

What is your favourite race in W4?

What the title says. It's only single choice but I've left it without a closing date so you'll be able to change your mind for ever and ever. ☺

I myself used to be a Dragons fanboy but having tried more races I have to say Ogres have a very cool mix of units and unit skills, especially when you start boosting those capital units.

Hmm, can anyone who hasn't yet voted see if this poll is still open?

Yes, I haven't voted and I can see it's still open.

I like most Knights and Daemons, but usually I choose with random what race I will play.
